

UOČAVANJE ZAVRŠNOGA GLASA U RIJEČI (REMI)

Za ovu igru potrebno je izrezati sva slova hrvatske abecede. Za igru na završni glas, umjesto zasebnih kartica sa slovima Đ i DŽ, koristi se posebna kartica na kojoj se nalaze oba slova zajedno.

Cilj igre je sakupiti po četiri pojma koji **završavaju istim glasom**, primjerice na **R**: PUTAR**R**, VRATAR**R**, PAPA**R**, SLASTIČAR**R**).

Upute za igru: roditelj podijeli igračima kartice sa slovima, tako da svaki igrač dobije po jednu karticu sa slovom, različitim od slova ostalih igrača. **Karticu sa "svojim" slovom** svaki igrač stavlja ispred sebe na stol. Ostale se kartice s pojmovima slože u kup na sredinu stola **licem prema dolje**, ili ih roditelj drži u ruci. Roditelj uzima karticu s kupa i glasno izgovara pojam koji je na slici (npr. PUTAR**R**) i pita: "Kome treba PUTAR**R**?" Svi igrači pogledaju svoje kartice sa slovima i onaj koji pred sobom ima karticu sa slovom **R**, zatraži sličicu.

Ukoliko dijete **ne poznaje slova**, ali **uočava zadnji glas u riječima**, daje mu se kartica sa sličicom (npr. MOST**T**) i kaže mu se da će sakupljati sve pojmove koji **završavaju** istim glasom kao i MOST**T**, odnosno, kad čuje izgovorene pojmove koji završavaju na glas "**T**", kao PILOT**T**, LAKAT**T** i PLOT**T**, zatražit će ih i pridružiti sličici na kojoj je prikazan MOST**T**.

Igra završava kada svaki igrač sakupi po 4 kartice na "svoj" početni glas.

Ukoliko je igra nekom djetetu **prelagana**, svaki igrač može dobiti po 2 kartice s različitim slovima pa do kraja igre sakupiti 8 kartica. Igra se može otežati i na sljedeći način: nazive pojmova roditelj može izgovarati **bez zadnjega glasa**. Npr: "Kome treba GLAČAL_?", umjesto GLAČAL**O**, pa dijete mora zaključiti o kojem pojmu bi se radilo, odnosno na koji glas završava ta riječ. Pri tome može pokazivati sličice, kako bi dijete vidjelo pojam, a mogu se i samo izgovarati pojmovi, bez pokazivanja sličica.

NAPOMENE

Uz svaku sličicu upisan je i naziv pojma, ne zato da bi se djecu poučavalo čitanju, već isključivo zato da bi se postigao cilj igre, primjerice: PUTAR, a ne MASLAC, KANU, a ne ČAMAC, UDAV, a ne ZMIJA i slično.
